

Media Release – Subsea Energy Australia and Chamber of Commerce and Industry WA sign proposal for training and consulting services.

Subsea Energy Australia and Chamber of Commerce and Industry WA have signed a proposal today with intention of providing export readiness training to those within the subsea and ocean-based industry. As part of the **Australian Subsea Export Hub**, an initiative of the Australian Government, the program will assist SMEs improve their export readiness, and to identify and pursue opportunities.

Key areas covered within the masterclass will include taxation, logistics, ecommerce, legal implications, cultural training, and investment readiness. The sessions will be delivered both in person and via online webinars to ensure **Subsea Energy Australia** members are able to attend and benefit from the program.

Key dates and topics will be announced in the coming week to member SME companies.
