

## **Media Release – Subsea Energy Australia at APPEA 2021, June 2021**

Subsea Energy Australia exhibited at APPEA Conference and Exhibition 2021 at Perth Convention and Exhibition Centre 14-17th of June. The Subsea Energy Australia booth was a hub for the entire subsea and ocean-based community during the conference. The booth also provided ample information to APPEA attendees regarding the Australian Subsea Business Awards 2021, the Australian Subsea Export Hub, and other key initiatives of Subsea Energy Australia.

The APPEA Conference and Exhibition 2021 consisted of panels discussing how the oil and gas industry is a significant economic contributor to Australia, and the unprecedented challenges the industry has faced and overcome during the COVID-19 pandemic. The conference provided an array of networking opportunities with attendees from across Australia and New Zealand, highlighting the importance of face to face events in this COVID-19 environment. This year the event allowed for virtual attendance, providing an opportunity for a delegates from around the world to benefit.

As part of the Australian Export Hub, an initiative of the Australian Government, Subsea Energy Australia subsidised SME member delegate attendance for the conference, lowering the barriers of entry to attend this important conference.

Subsea Energy Australia Inc.

Spaces, Level 2 West, The Wentworth Building, 300 Murray Street, Off Raine Lane, Perth, WA 6000
